## THE COST OF A FOOLISH EFFORT.

An eastern paper gives the status of the democratic campaign: "Chairman Brice's chickens are coming home to roost. It appears that the democratic national committee has not liquidated all the obligations incurred in the attempt to elect Grover Cleveland, and some of the creditors are becoming impatient and threaten to carry their claims into court. Mr. Brice is said to have contributed \$100,000 already for campaign purposes, and the prospect is that he may have to go down in his pocket for \$100,000 more. It is true that he is now the head of the national organization, but there will be a new national committee chosen before the next campaign, and rainbows may not cut so large a figure in 1892 as they did in 1888. They come too high, but perhaps the past will be condoned if Mr. Brice pays for these investments himself."

There is not much wonder that the democratic national committee has considerable trouble in paying its debts. Debts incurred in any disastrous undertaking are not usually paid in a prompt manner, and in a cheerful spirit. The payment comes hard, and especially so in this case, because the million dollars spent in the late campaign by Brice's committee, put the democratic party in a worse position than it was before. The battle brought on not only defeat, but it engendered bad blood, created quarrels, produced discouragement, and begot jealousies; and just how the democratic committee is going to make the democratic party out a fine figure in 1892, is not plain to be seen.

If Mr. Brice shall have to put his hand down in his pocket for the balance of \$100,000, it will not be strange. If he has bought his experience at a very high price, he is able to pay for it. He is simply paying for the fun of trying to manage the democratic party. Other men have paid dearly for the same fun; and by the time the debts of '88 are all paid, Mr. Brice will no doubt wish from the bottom of his boots that it was something else besides the democratic party he had to manage. It is a queer old aggregation, especially since Mr. Lockwood discovered Grover Cleveland.

## THE SOUTHERN VOTE.

In the present condition of political affairs, 73,000 voters in the state of South Carolina send as many representatives to congress as 334,000 voters in the state of Kansas.

That is, one voter in South Carolina exercises as much power in the election of congressmen as four voters in Kansas. Query: This being the case, can it be justly said that we are living under a republican form of government.—N. Y. Mail and Express.

According to the constitution of the United States the representation of South Carolina in congress, or in fact, of all other southern states, is illegal. There is no doubt of this. Article Fourteen of the constitution expressly provides that representatives shall be appointed among the several states according to their respective numbers; and it likewise expressly provides that when the right to vote at any election for the choice of electors for president, representatives in congress, or state officers, is denied to any of the male inhabitants of such state, being twenty-one years of age, the basis of representation in congress shall be reduced in the proportion which the whole number of male citizens twenty-one years of age in such state.

This is a plain provision of constitutional law. Official returns of elections in the southern states show that the right to vote at national and congressional elections is denied to a very large portion of citizens. There is no right, and no justice in the fact that it shall take four votes in Wisconsin to count for as much as one vote in one of the slave and rebellious states. The abridgment of the right to vote make the election of congressmen a farce in the south; and it is nothing but a political outrage and a straining of justice to allow presidential electors to vote for president and vice president when the electors have no representation.

The funeral services connected with the funeral of ex-Governor Dewey, took place at Lancaster on Tuesday afternoon. The special train from Madison bore the following persons to Lancaster to attend the funeral: Governor Hoard, ex-Governor W. B. Taylor, General David Atwood, Hon. C. E. Estabrook, Colonel George W. Bird, Dr. Lyman C. Draper, D. S. Durrie, Judge E. W. Keyes, Hon. Philo Dunlap, Hon. S. U. Hunney, S. A. Herget, Dr. J. E. Fitch, Colonel Geo. P. Deleplaine, all of Madison, Hon. M. J. Jones, of Port Atkinson, and Colonel Theodore Rodolf, of La Crosse. Colonel Deleplaine was the late Governor Dewey's private secretary. The funeral services were held at the grave in the Episcopal churchyard. Governor Dewey buried his brother Orrin there in 1840 and erected for him a monument on which is the simple inscription "My Brother." In 1869 he buried his little son Charlie. Beside these he wished his body to rest. The formal Episcopal funeral service was read by the Rev. Mr. Mulford, who also made a short address, dwelling upon the epoch of the life of Governor Dewey. Mr. S. U. Punny on the invitation of the Lancaster committee in charge also made an impromptu address which was eloquent in its truthful adaptiveness to the simple but honorable official life of the

deceased governor, whom he regarded at the moment of his death as the foremost character of the state of Wisconsin.

Colonel E. H. Haskell, chairman of the prohibitory committee during the recent campaign in Massachusetts, has written a letter stating that the prohibition of that state does not purpose to run candidates of their own this fall. This begins to look a little like practical business on the part of the Massachusetts prohibitionists. If the third party in Wisconsin would follow the example of its ally in the old Bay state, and the republicans would throw their influence for progressive and needed temperance reform, the republican party would be made the stronger.

Oliver Wendell Holmes is always sound in a proposition. Speaking about subsidies, the democrats call the encouragement of American steamships fostering a monopoly, or something of that kind, and cry it down with all their might. So he was asked the other day what a subsidy was. His answer was to the point: "When it's British. Then it becomes fair pay for carrying the mails. When our people want fair pay for carrying the mails then it's a subsidy again. Logic is logic; that's all I say."

It looks very much as if Grover Cleveland is getting nearer to the next presidential nomination, without effort, than any other man is, with effort.—Brooklyn Eagle.

That is, without effort on the part of the democratic party. Mr. Cleveland is boss, and he is simply making the party and its managers come to time. They come to time because they can't do anything else.

The following item appears in the Chicago Journal: "A man answering the description of John L. Sullivan, but apparently sober, has arrived in New York city. Doubts are expressed as to his identity." There certainly is much doubt as to John L.'s identity, under the circumstances. Sobriety and John L. Sullivan do not go hand in hand.

## FULTON VILLAGE.

—A good many here intend to improve the opportunity to ride down the river on the Mayflower, circus day.

—Mrs. Alice Smith was a welcome caller at Mrs. Dodge's on Sunday.

—The faithful here have commenced to top their tobacco.

—Quite a large party from Janesville came up the river Sunday and spent the day picnicking in Myron Green's woods.

—Parties having occasion to hitch in the vicinity of the school yard, should be careful not to hitch to the shade trees, as natives are warning people from doing.

—Mr. E. Sayer and family, of Janesville, are living at his old home in Porter this summer.

—Miss Gertrude Highland, of Stoughton, visited friends here last Sunday.

—Our meat market has dissolved partnership, and left town.

—Miss Carrie Elison has been visiting friends in Fulton.

—Quite a delegation from Fulton and vicinity expect to attend the Monona assembly this year.

—Mr. Neworth Green visited his cousin the first of the week.

—Herman Reid made a trip to Stoughton last week.

—We think the scholars of the primary department will be pleased to hear that their former teacher, Miss Evans of Janesville, has been engaged for the coming year.

—Look for your foul weeds and destroy them, for if you don't the weed commission will be looking for you, and if he don't exactly destroy you, he may make it expensive.

## WISCONSIN EDITORS.

Opening of the Summer Reunion at Beautiful LaCrosse.

LaCROSSE, Wis., July 24.—Delegates to the Wisconsin Press association's summer meeting to the number of more than two hundred gathered at the Jefferson club room Tuesday morning. There was a good representation from the country press of the state as well as from the city papers. Gov. Hoard telegraphed his inability to be present, owing to the necessity for his attendance at the funeral of Gov. Dewey at Lancaster. At 11 o'clock Acting Secretary Price called the meeting to order, and after a brief address, in which he referred to the circumstances which placed him in his present position, the resignation of President Hicks was read and accepted. On motion the secretary was unanimously instructed to cast a ballot for B. J. Price, who was then declared president of the association. The afternoon was spent in viewing the charming city of LaCrosse.

## BURKE STILL FIGHTING.

WINNEPEG, Man., July 24.—This morning Mr. Campbell and Mr. Porine, acting for Burke, made an application to Judge Gilliam for a writ of certiorari in the Burke case, asking that all the evidence in the case be reproduced. The writ was issued on condition that the counsel have given notice to the other side to file a copy of the habeas corpus will be asked for. The writ will be argued Thursday.

## Gen. Harrison Coming West.

DEER PARK, Md., July 24.—The work of the President to-day was mainly confined to the consideration of appointments to postoffices, but no consent was given. The President will return from his Bar Harbor trip in time to reach Indianapolis Aug. 22, when the cornerstone of the soldiers' monument will be laid. This will be his first visit to the old home since inauguration.

## England Diverting Pacific Commerce.

SAN FRANCISCO, Cal., July 24.—At a meeting of the chamber of commerce a resolution was adopted calling a convention to discuss commercial interests on the Pacific coast. The resolution, which introduced the entire commerce of the Pacific ocean to the Canadian Pacific and the Canadian government, lines to the commerce away from the United States.

## FOR SALE.—A building lot with good shade, near first ward school. Enquire 126 Pearl street.

## ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Use a bottle.

THERE IS NO ONE ARTICLE IN THE LINE of medicines that gives so large a return for the money as a good porosestrengthening plaster, such as Carter's. It's a Wood Belladonna Backache Plaster.

## ESCAPED FROM FLAMES.

CASUALTIES ATTENDING A HOTEL FIRE.

Terrible Destruction of Life and Property in China—Devastation by Storms—Various Mishaps.

MEADVILLE, Pa., July 24.—Fire broke out about midnight in the St. Cloud hotel. The guests were warned in time to escape but a panic arose among the servants, and in their frightened efforts to escape several were badly injured.

Maggie Elric, who jumped from a third-story window and struck on her back on the ground, sustained probably fatal injuries. Susan Derby also jumped from an upper window and broke both legs. Barbara Hillman's life was probably saved by an awning into which she jumped, but her back was badly burned, as the flames pressed her closely before she jumped. Archie Carman, a fireman, is in a critical condition, his spine being injured by falling from the second story. The loss by the fire is about \$10,000. The guests lost all their effects.

## TERRIBLE FIRE IN CHINA.

Sixteen Hundred Lives Lost and \$7,000,000 Dwellings Destroyed.

SAN FRANCISCO, Cal., July 24.—Advices from China say that a recent fire at Lu Chow burned twenty-two hours, destroying \$7,000,000 dwellings. Over twelve hundred persons perished in the flames and 400 others were killed. Nearly one hundred and seventy thousand people were obliged to camp out without shelter and were dying at the rate of 100 a day from want and exposure. The authorities are providing for their necessities.

## FARMERS LOST THEIR ALL.

PARKERSBURG, W. Va., July 24.—In the flooded district the waters have subsided and farmers can now see where they stand. Many have lost that all they will be compelled to ask charity. It is now known that eighteen persons lost their lives by the flood. There may have been other drownings in Jackson county. All the bodies have been found but two. Six good iron bridges went out, besides many wooden ones, in this county. At Morris town thirteen houses were swept away, besides many others. That no neighborhood, and much suffering is the result. In Braxton county the soil was washed on low lands to a depth of six feet.

## Heavy Storm in Colorado.

DENVER, Col., July 24.—An exceedingly heavy rain fell in this city last night, and a considerable amount of streets and flooding cellars. Reports from nearly every point in the state indicate that the storm was general. Several districts were flooded and great damage was done to crops and fences. The railroads are losing, no trains having left Denver or arrived until late this afternoon. The Santa Fe and Rio Grande were washed out between here and Pueblo, and the Pacific and Burlington were delayed about eight hours, as also was the Midland and all mountain trains. Damages will be repaired and all trains running on time by to-morrow morning.

## An Illinois Village Burned.

MOONSBURY, Ill., July 24.—Fire at Little York Tuesday destroyed the business houses of Rogers Bros., druggist; Hugh Moore, boots and shoes; Stewart & Reynolds, druggists; T. C. Gordon, harness; Charles Hassler, hardware; and John Pollock, billiards, being all the stores in the village but three. Loss, \$35,000; insurance, \$7,000.

## Death in a Coal Shaft.

DES MOINES, Iowa, July 24.—William Seid, a farmer living a few miles south of this city, was found dead in the bottom of an unused coal shaft early this morning. He went out yesterday to start a wind-pump near the shaft, and it is supposed he attempted to get to the bottom of the shaft for water with which to prime the pump and was overcome by foul air.

## A Pittsburg Belle Killed by a Train.

PITTSBURG, Pa., July 24.—Miss Oppenheimer, daughter of M. Oppenheimer, the well-known Liberty street clothier, and a prominent member of the Belle of Allegheny, was killed at Harmony, Butler county, by being thrown under a train by reason of a horse becoming frightened.

## BURIAL OF EX-GOV. DEWEY.

Wisconsin's First Executive Laid to Rest at Lancaster.

LANCASTER, Wis., July 24.—The body of ex-Gov. Dewey left Cassville under escort at 7:30 Tuesday morning. It was met en route by an escort from Lancaster with the pall-bearers. The procession arrived shortly after 11 o'clock and halted at the residence of Mrs. George Cox, an old-time friend of the Governor's, in whose home the body was placed and exposed for view until 2 o'clock, the funeral hour. A special train, bearing Gov. Hoard, ex-Govs. Lewis, Taylor and Ludington, Chief Justice Cole, Judge Orton, Col. Delaplaine, Moses M. Strong, and Theodore Rodolf, arrived at 11 o'clock. The procession from the residence of Mrs. George Cox to the cemetery was formed at 2 o'clock.

The way was strewn with flowers and the bar and grave were also covered with the same emblems of esteem. At the Governor's request the Episcopal service was read and the funeral was entirely unostentatious.

## MURDER OF AN EDITOR.

Col. Page of the Marion (N. C.) "Times-Register" Shot Down in Cold Blood.

MARION, N. C., July 24.—Col. Roger J. Page, a prominent lawyer and editor of the "Times-Register," was shot and instantly killed last night just after midnight, on a midnight train. Page had gone about a hundred yards from the station when some one came up behind him and shot him through the neck. His assailant ran, mounted a horse, and fled the town. A coroner's inquest was held, resulting in a verdict of "death by a person unknown." A young man had threatened to kill Col. Page and was seen following him at the station last night. Quite a crowd had gathered expecting trouble, and indeed the rumor that some one intended injuring Col. Page was so well circulated in the town that when the pistol-shot was fired at midnight many persons remarked that Col. Page was in trouble. It is said that a woman is at the bottom of the tragedy.

## TODD'S.

"BURTON AND INDIA PALE ALES" are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being strictly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive tonic and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale.—Brewery east end Milwaukee street bridge.

## DEFY THE COMMISSION.

Mr. Parnell Declines to Betray Trust—Fund Secrets.

LONDON, July 24.—Mr. Parnell again appeared before the special commission appointed to examine the "Times" charges against Parnell members of the House of Commons. He denied that any letters which had passed between himself and Mr. Harris had been withheld from the court. The letters had all been sent to Mr. Soames, solicitor for the "Times."

Continuing his testimony, Mr. Parnell said he had instructed Mr. Lewis, of counsel for the Parnellites, to subpoena Mrs. Maloney, treasurer of the Ladies' League, to produce the books of the Land League in her possession. He could not say what amount of league money Mr. Egan and the other trustees had invested in his name in France. It might have been £100,000, £50,000 or £15,000.

Attorney-General Webster—But you, a man of business, surely know!

Mr. Parnell—I am not a man of business. I never was. In October, 1882, Mr. Egan sent me accounts of the relief fund, showing expenditures of £50,000, and a balance of £21,000.

Mr. Parnell stated that he had not taken any steps to discover documents relating to the Ladies' Land League, nor would he. Mr. Egan sent from America, through Mr. Labouchere, valuable clues in connection with the Piggott forgeries. Presiding Justice Hannen then asked witness: "Would you instruct Munroe & Co., the Paris bankers, to produce an account of the trust fund?"

Mr. Parnell responded: "I decline to give any information concerning the fund to friend or foe."

## THE QUEEN'S EXPENSES.

What Victoria Has Done with the Savings of a Lifetime.

LONDON, July 24.—The Queen has quite recovered from the very bad attack of lamalgama and sciatica from which she was suffering so intensely a fortnight ago, and can walk and move about with ease.

If the amount of the Queen's savings is as large as reported, namely, over £800,000, she must have a very large private fortune. She has purchased Balmoral and Osborne, which can not represent less, with the outlying properties she is always acquiring, than half a million more, exclusive of Claremont, for which she paid a very large sum. She has, it is said, given large fortunes to some of her daughters on their marriage, as well as to her granddaughters, children or the grand duke of Hesse, to the amount of £300,000. Her savings therefore, in round numbers, are something like £800,000.

There is one item of the Queen's expenditure which has always been overlooked or entirely forgotten, namely, the large sums she has spent in memorials to the prince consort. The Albert memorial is said to have cost over £100,000. She has restored St. George's chapel, Windsor, in the most lavish manner, and must have spent vast sums at Frogmore, on the mausoleum. It is said by those well able to judge that her expenditure on this item alone has been nearly £500,000.

## FRANCE'S BODY BLOW.

Gen. Boulanger Deprived of All His Civil and Political Rights.

PARIS, July 24.—An order was issued by the high court of justice to day depriving Gen. Boulanger and Count Dillon of their civil and political rights in France and declaring them ineligible for election to any office.

## HIGH TIMES IN OKLAHOMA.

Plenty of Applicants for Claims Held Invalid.

GUTHRIE, Oklahoma, July 24.—The decision of the Land Office ousting the "sooners," as those who entered Oklahoma before noon on April 22 are called, is causing excitement throughout Oklahoma as fast as the news spreads.

Two hundred men were in line yesterday morning, waiting for the land office to open, a large majority waiting to file claims already entered by men supposed to have been in the Territory before noon of April 22, and which the decision declares are not entitled to hold claims. The effect of the decision will be felt everywhere throughout the Territory, and endless trouble seems in store. It is thought by many that in equity the same ruling must apply to town lots, when 600 or 700 persons in Guthrie alone will be affected. If it does not, then, when other parts of the Indian Territory are opened, whole cities may be expected to spring up before the opening day.

**AN ORDER MADE TO INVESTI-  
GATE PENSION RE-RATINGS.**

England Has Not Yet Agreed to the Mar-  
time Conference—An Inter-State  
Commission Decision.

WASHINGTON, July 24.—Secretary  
Noble has issued an order directing Dr.  
George Ewing and H. D. Brown of the  
board of pension appeals, and Judge Frank  
L. Campbell of the assistant attorney-  
general's office, inter department, as a  
committee to forthwith enter upon an in-  
vestigation of all ratings of pensions made  
by the pension bureau during the last  
twelve months, and especially those of  
pensioners in the government service,  
with a view to ascertaining whether any  
such ratings have been made in viola-  
tion of law. It is believed this committee  
was virtually decided upon some days ago,  
but when questioned as to the purpose of  
the department with respect to the matter  
the officials have declined to state them.  
The committee entered upon its duties this  
morning.

**THE MARITIME CONFERENCE.**

England Will Probably Take Part,  
Though This Is Not Certain.

WASHINGTON, July 24.—Mr. W. F.  
Wharton, Acting Secretary of State, said  
today in speaking of the maritime confer-  
ence made in the House of Commons yester-  
day by Sir James Ferguson, Parlia-  
mentary secretary for the foreign  
office, that no agreement  
had been made with the Ameri-  
can government for the program of the  
maritime conference, to be held in  
Washington, Oct. 16 next, that it referred  
only to the routing of dispatches.

England had accepted the invitation of  
the United States to participate in the  
conference, Mr. Wharton said, with the  
provision that the program of subjects to be  
discussed was satisfactory.

He said that the program of subjects to be  
discussed was satisfactory. The program  
had been drawn up by the commissioners  
of the United States, headed by Admiral  
Franklin, and submitted to the English  
government. No agreement had yet been  
reached. The program covered a great  
many subjects under the head of naviga-  
tion of vessels, for the regulation of which  
the conference was called. It can be  
modified, and probably will be, as it was  
largely suggestive in character.

There is no reason to suppose, Mr. War-  
ton said, that England will not take part  
in the conference. Several smaller nations,  
however, have not yet accepted the invita-  
tion until England takes final action in the  
premises.

**LEGITIMATE WANTS PEACE.**

He Asks the United States Minister to In-  
tercede with Hippolyte.

WASHINGTON, July 24.—The Navy De-  
partment has received a report from Ad-  
miral Gherardi, stationed at Port-au-  
Prince, dated July 10. There was no men-  
tion of any fighting. Admiral Gherardi  
says that Hippolyte was reported to be  
advancing upon Port-au-Prince, and that  
upon the beginning of an attack a force of  
marines would be landed from the United  
States ship in the harbor to prevent the  
American representative and the interests  
of American residents. The admiral also  
reported that Legitime had appealed to  
the American minister, Mr. Thompson, to  
stop Hippolyte and his army, and to some  
basis upon which the conflict between their  
forces might be stopped. But whether or  
not Mr. Thompson has taken any step  
yet to carry out Legitime's wishes was  
not stated.

Mr. Wharton, acting secretary of state,  
said that if Mr. Thompson did not act in  
the capacity of peace-maker it would be as  
an individual and not as a representative  
of the United States nor acting under  
any authority from the Government,  
which has all along declined to recognize  
either of the factions in Haiti.

**INLAND TARIFFS.**

The Inter-State Commission Decides  
They Must Stand Alone.

WASHINGTON, July 24.—The Inter-State  
Commerce Commission has rendered a de-  
cision in the case of the New York Pro-  
duce exchange against the New York  
Central and other roads in regard to inland  
and ocean export rates. In effect the  
commission has decided that inland rates  
should be fixed without regard to ocean  
rates, and that inland shipments terminat-  
ing at export points should pay the same  
inland rates as are charged shipments in-  
tended for export. Whenever a tariff is  
established for merchandise shipped or in-  
tended for export by sea, and ocean rates  
are not specified either because of fluctua-  
tions or for any other reason, so that only  
the charge for inland transportation is  
definitely fixed, the tariff filed and made  
public should show the rate charged by the  
inland carriers to the point of export, in-  
cluding all terminal charges and expenses,  
and should also show in what manner the  
through rate to the point of ultimate  
destination is to be determined, whether  
by the addition of the ocean rate from time  
to time prevailing or how otherwise.

**Minister Terrill All Right.**

WASHINGTON, July 24.—The minister just  
received from Brussels states that all effects  
of the injury to Minister Terrill's knee,  
which it was feared would prove serious,  
have entirely disappeared, and he has re-  
covered full use of the limb. Minister  
Parkhurst has surrendered the legation  
building to the new minister, and Mr.  
Terrill was expected, at the date the  
letter was written, to be presented to the  
King in a few days.

**The Monocacy to Be Re-commissioned.**

WASHINGTON, July 24.—The Monocacy,  
under repairs on the Asiatic station, will  
soon be put in active service again. She  
was stricken from the naval register after  
condemnation and advertised to be sold.  
A recent war was ordered and it was  
found that with very great repairs she would  
be useful for many years of river service.

**Little Hope for Harper.**

WASHINGTON, July 24.—The most au-

taches of this office." Spirit of the Times.

AN ILLUMINATED LAWN.

A LARGE ATTENDANCE AT THE SOCIAL GIVEN BY ST. AGNES GUILD.

The social given by St. Agnes Guild of Trinity church last evening, at the residence of Mr. and Mrs. J. B. Doe, West Milwaukee street, was a splendid success both socially and financially. The large lawn was brilliantly illuminated by Chinese lanterns suspended from the trees, and three large locomotive headlights situated in different parts of the grounds.

A large canvas was erected at the east side of the lawn under which several young ladies sold fancy articles. Ice cream and cake were also served to all on small tables scattered throughout the spacious grounds.

It was a perfect evening and all present had a most enjoyable time. The evening passed pleasantly and profitably.

The time until nearly eleven o'clock was spent in sociality. There were many elderly people present and they joined in the festivities of the evening as heartily as many of their juniors. The party did not break up until a late hour, and all agreed that the evening would long be remembered as one delightfully and profitably spent.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 67 degrees above zero. Clear with northeast wind.

At one o'clock p. m. the register was 85 degrees above zero. Partly cloudy with southeast wind. For the corresponding hours one year ago the register was 65 and 88 degrees above zero.

A Washington Man is Luck.

"There is no incident in all my life," said Mr. R. O. Palmer, of 721 8th street, N. W., Washington City, D. C. "that looked much like a providential assistance as the one which will send me to Dayton, Ohio, to-day I had arranged to start in the furniture business. I selected Dayton as the place in which to establish myself. I was endeavoring to raise the necessary money but was disappointed. I've been in the habit of investing a dollar a month in the Louisiana State Lottery, and the drawing of 4th ult. brought just exactly the sum I needed. If this assistance had not come to me I might have remained a working mechanic all my life."—Washington, (D. C.) Star, June 4.

## THIEVES AND SWINDLERS.

LOOK OUT FOR THEM DURING THE REMAINDER OF THE WEEK.

Marshal Hogan waited into the Gazette office last evening in more than his determined and earnest manner with a request that the newspapers be particular and warn the people in time against the horde of sneak thieves and swindlers that flock around large exhibition like that of Forepaugh's and Barnum's.

"They will be here with all manner of devices to swindle the people, and you can not be too earnest in warning them," said the marshal. "I am advised that the show people do all they can to get rid of them but they continue to follow up. One of the slickest games they work is the change racket. They go into a store, saloon or any place of business and buy five or ten cents worth of something and throw down a five or ten dollar bill, engaging in conversation at the same time to bewilder the attendant. After he receives his change he suddenly discovers that he has the right change himself in his pocket, which he produces and calls for his bill, paying over the purchase price, putting his bill in his pocket and coolly walks out, and the merchant is out the change given for the bill. This is an old trick, but they work it very cleverly.

"They also work the shell game, and anything to swindle the people. Just caution the people to be on their guard; look well to their door and window fastenings, for there will be sneak thieves without number here on Friday, ready to take advantage of houses left unprotected. I intend to keep a sharp lookout and arrest all parties I catch doing crooked work. I shall stop all games of chance. No I have not heard that they work the country people on the soap racket, but I shall investigate the matter. It would be well, however, for farmers to be on their guard, and give the strangers a wide berth on circus days," Marshal Hogan was assured that the Gazette would do its share in posting the people of possibilities of the coming of the thieves and swindlers, and warn them in time. Our people should heed the warning of the city marshal, and govern themselves accordingly.

AN EARLY MORNING FIRE.

THE TABACCO SHED OF ELLIOTT COLLYER DESTROYED WITH CONTENTS.

At 2:40 o'clock this morning an alarm of fire was turned in from box 18, located at the west side engine house. At this time the first ward, and in fact the whole city was brilliantly illuminated by flames which appeared well out to the west of the city. Night Officers McGinley and Smith were in front of the Rock County National Bank when the flames burst out and not knowing the exact location Officer McGinley hastened to alarm the boys at No. 2a house, while officer Smith made haste to notify No. 1a crew. Officer McGinley won the race, as McGinley's raps on the engine house door is sufficient evidence. Officer Smith was a very close second, however, as the east side boys say that they had only got their horses started for the pole when bang went the bell. The department went out in one time and a very few minutes, and kept up the run until they reached a barb wire fence at the end of Ravine street. Here Chief Blunk dismounted, and ordered the hose companies and hook and ladder truck back to their quarters. The chief with the fire patrol wagon and a few members of the fire police went out to the fire, which proved to be the large tobacco shed of Mr. Elliott Collyer, located on the west side of the city limit road mid-way between Mineral Point avenue and Pleasant streets. The shed was totally destroyed, together with considerable tobacco in case, estimated at \$800. Mr. Collyer's loss will be between eleven and twelve hundred dollars. There is insurance of \$600 on the tobacco in the Traders' of Chicago, written by Silas Haynes' agency. No insurance on the shed. The origin of the fire is unknown.

Thousands have been relieved of indigestion and loss of appetite by a single bottle of Ayer's Sarsaparilla. The use of this medicine, by giving tone and strength to the assimilating organs, has insurmountable cures of chronic dyspepsia. Price \$1. Worth \$5 a bottle.

HOTTEST WEATHER KNOWN.

SOMETHING FOR WEATHER CRAVING TO CONSIDER.

Louisville Post: "What is the hottest weather ever known in the United States?" The question is answered in the May bulletin of the Kentucky Statistical Weather service. The highest temperature recorded by the United States signal service was at Phoenix and Fort McDowell, Ariz., in June, 1883. The thermometer marked 119 degrees. However, unofficial observers report temperature as high as 128 degrees at Mammoth Tank and Humboldt, Cal. The coldest weather recorded by the service was 69 degrees below zero, at Poplar river, Mon. But this is a warm place compared with Werchojansk, Siberia, the coldest inhabited spot on the face of the globe. The thermometer there has been as low as 90 degrees below zero. In view of these figures let us not complain of a paltry 90 degrees above zero.

Honey Moon.

"Say, Fokine, old boy, why don't we see you at the club any more? Has your mother-in-law shut you down?" "No, Brown; the fact of the matter is, my my home is so happy now that there is no inducement for me to leave it. You look incredulous, but it's a positive fact. You see, my wife used to suffer so much from functional derangements common to her sex, that her spirits and her temper were greatly affected. It was not her fault, of course, but it made home unpleasant all the same. But now, since she has begun to take Dr. Pierce's Favorite Prescription, she has been so well and so happy that we are having our honey-moon all over again."

## THE TOBACCO INTEREST.

REPORTS FROM THE NEW YORK MARKET, CONDITION OF THE ROCK COUNTY CROP.

The sales of new seed leaf crops were quite a prominent feature of the market the past week, considering that the seed tobacco is not even ripe yet for proper sampling. But the market being quite bare of old goods, manufacturers and jobbers have to turn their attention to the new crops. Pre-eminent among these stand for this year the New England tobaccos and the principal transactions covered again this class of goods. Packings of 200 cases of Honsatouia Havana seed were sold at 26c, and some 250 cases of Connecticut broad leaf at 21c, to 22c. The first lots of '88 Wisconsin moved also for home consumption. They amounted to about 350 cases and brought from 10c, to 11c.

It may be stated in connection with the sales of Wisconsin tobacco that what brings 10 and 11 cents is sold on the scales and are all tops or wrappers. About 60 per cent of our tobacco can be used for wrappers, at say 10c cents per pound, 35 per cent of lower grades for export worth about 6 cents, and 5 per cent used as fillers worth not more than 3 cents. So the reader can plainly see that the buyers are not making large margins in their transactions at present.

Tobacco bought for 6 cents in the burlle will cost the shipper 3/4 cent for rents to sort, 1/4 cent for cases, 1/2 cent for freight and labor. This brings the cost up to 7 1/2 cents and the shrinkage will bring the cost up to 8 1/2 cents. Of this only about 60 per cent can be sold at the quoted prices. Enquiries for other kinds and grades of the new seed were also lively and the general sampling of the new tobacco is rather impatiently awaited this season. Almost the only exception marks the Zimmer's Spanish, the principal part of which a year ago by this time was nearly all disposed of. But the '88 Zimmer's Spanish has an overgrown leaf and consequently not adapted for its proper use, that of a filler, and as a wrapper it is barely worth export price.

One of our largest packing houses sold the balance of their heavy packing of '87 Wisconsin, amounting to about 300 cases of these desirable goods are almost out of the market now. And what little there is left of other old stock finds ready purchasers.

The Sumatra market shares the active enquiries of the seed market. But the enquiries extended the past week more to the old than the new stock. Of the 400 bales sold the past week about two-thirds belonged to the old stock, which is rapidly coming to an end. There is hardly 3,000 bales of the old stock left in the market, a quantity which, it is safe to predict, will entirely disappear before the new importations get settled enough to be fit for immediate use. The Board of Appraisers' decision in regard to the classification of Sumatra, that but one hand should be drawn from each bale, is denounced right and left by everybody.

In the Havana market a lull is perceptible at present. Almost all of our Havana importers are on a vacation now, anyway.

"The Rock County crop" said a veteran tobacco dealer to a reporter of the Gazette this morning, "has not looked better for many years." It is farther advanced than it was in '87 or '88 at this date, and it is uniformly good. I have traveled the county over and have not discovered a single poor crop."

EMPIRE CROSS SPRING CO.

A LIVELY BUSINESS—THEIR FOREIGN TRADE IN CARRIAGES.

That the Empire Cross Spring Co., of which Mr. John Richardson is the business manager, is doing a prosperous business, is a reference to the numerous orders filled within the past week will suffice to convince all. Commencing on Saturday last they shipped one of their stylish break wagons to a party in Dallas, Texas; following this up on Monday by shipping eleven of their fine carriages to a party at Kingston, Jamaica; then one carriage to Lafayette, Louisiana; one to Madison, Wis; one to Rockford, Ill.; and another to St. George, Bermuda Islands, besides they have several orders on the R. R. books yet to fill as soon as the work can be finished. This speaks well for the excellent vehicles turned out by the Empire Cross Spring Company, and is evidence that the company is doing a prosperous business.

EMERALD GROVE.

It was a great picnic day yesterday. The few clouds which partially covered the sun during the morning and the brisk breeze of the afternoon made the temperature "just about right," and the United Workmen could not have made a better selection for their annual holiday. The attendance from abroad was not quite as large as expected, but the city was well represented, and the day was very pleasantly spent by all. Grand Master Workman Tillmuth and Past Grand Master Hornick were present and added much to the spirit of the occasion. The steamship Billie Burr and Enterprise under the management of Captain Buchholz, conveyed the passengers to and from the grounds. The boats were run every half hour alternately, which made it very convenient for the public.

The A. O. U. W. has been organized in this country about twenty years, and the Olive Branch Lodge was established in Janesville eleven years ago the 26th inst. Our local organization now numbers 132 active members and the aggregate societies of the United States sum up 250,000 members of the order.

The dance last evening was well attended. Tuckwood's orchestra furnished the music and a very enjoyable time was spent by all who attended.

Probably not less than 1,000 people were present at Crystal Springs yesterday, and the picnic was the most successful ever held by the order in Janesville.

Card of Thanks.

To the many kind friends, who in the hour of our recent bereavement, assisted us and in many ways showed their kindness, we desire to tender our sincere thanks. Especially do we wish to thank those kind fellow-workmen of the Janesville Machine Company who rendered their kindly assistance. Each and all of them will be held in kindest remembrance.

## A CHAPTER OF ACCIDENTS.

UNFORTUNATE OCCURRENCES IN JANESVILLE—A RUNAWAY, SMASH-UP, ETC.

A horse belonging to Frank L. Stevens, of the firm of Wheeler & Stevens, broke loose from the stable in which he was tied last evening and wandered up the embankment on to the railroad
